CoSEEA

THE REPRESENTATIVE BODY OF AES STUDENTS

As the 1st CoSEEA meeting of the school year 2023-24 is coming up, Allegra Ferrari (S6EN) and Alexandra Georgiou (S7EL) would like to inform you on what exactly CoSEEA is.

What is it?

- CoSEEA (*Conseil Supérieur des Élèves des Écoles Accréditées*) is a Student Union for all Accredited (Type 2 and Type 3) European Schools across Europe.
- It is composed of pupils that have been elected to represent their fellow students' opinions.
- The organisation is made up of two students from each AES (Accredited European School), a Vice President, and a President.

How does it work?

- The presidency organises meetings and conferences up to 4 times a year in selected accredited schools, with the help of the local student reps.
- Each representative expresses the issues, needs, and opinions of their fellow students.
- Then, CoSEEA's Presidency expresses these views at the Joint Teach Committee (which CoSEEA is formally invited to).

What is our mission?

1. Ensure that Accredited European School students have a **voice** in the future of European Baccalaureate education.
2. Maintain the balance and harmonisation of our AES to **unify** our students.
3. Maintain the **quality** of our system in the eyes of our students, by helping/advising Pupil Committees in need.
4. **Organise** and help AES be invited to various events (eg. euronight).

Contact Information

The 1st CoSEEA meeting this year will be on 18/11/2023. We want to be transparent with all of you, and therefore we recommend you check out the meeting agenda attached below. As we represent all of the SEEH students, we want your voices heard. If you have any issues you would like us to raise to the team, please contact us.
